

CT - 245

Electro Cleaner

Introduction

CT-245 is a cold degreasing safety solvents. It is a combination of the best cleaning qualities of inflammable solvents and carbon tetra chloride.

CT-245 It is designed for degreasing and cleaning electrical equipment such as motors, generators, circuit breakers distribution panels, machinery, instruments etc.

CT-245 has high cleaning capacity.

Physical Properties

Appearance.....	Clear brownish liquid
S.G.....	1.23 ± 0.02
PH.....	-
Flash Point.....	Nonflammable
Odor.....	Mild characteristic
Solubility.....	Insoluble

Application

All **CT-245** are easily applied by pressure jet, spray, brush, immersion or swab methods.

Safety & Handling

Although the rate of toxicity of **CT-245** is very low, careful attention should be taken to use with any solvent or paint.

In case of contact with skin or eyes flush with plenty of water.

Storage

- Keep **CT-245** away from extreme heat or open flame.
- Keep it away from direct sunlight.
- Keep the container closed all time.

Packaging

CT-245 is available in 25 liter plastic container.
